

Guest Lecture on Six Sigma on 11th and 12th September 2023

Department of Mathematics and Statistics is conducting an Add- On course 'Six Sigma' in our college. **Dr. K. Muralidharan, Professor of Statistics, Distinguished Statistician, Indian Society for Probability and Statistics; Fellow, Commonwealth Academy, British Council, UK; Fellow, Gujarat Science Academy, India and Nominated Member, National Academy of Sciences, Allahabad** has conducted a guest lecture on one of the most interesting management techniques, 'Six Sigma', on 11th and 12th September from 8 am to 12 noon in R No.204. Forty two students were benefited with the lecture. Staff members also attended the lecture

Dr. K. Muralidharan, had explained various techniques of DMAIC methodology. He gave demonstrations using the software Minitab and Excel. He also explained how the philosophy of Six Sigma will help to inculcate discipline in the students and how they can find root cause of any problem and to find its solution. He also shared all the soft material of his various lectures in industries and his best seller book to the students. Our students were highly motivated by his expertise in this field.
